Dear Parent / Guardian

Reopening Newsletter - 2nd Term

We kicked off Term 2 on a positive note. During our 1st assembly, the students were sensitized about toxic behaviors that can impede joy and contaminate the learning environment. By raising awareness about such behaviors, Sisekelo aims to foster a culture of respect, collaboration, and mutual support among students and staff members. Each one of us was tasked with the responsibility of being a positive role model within the school.

1. Grade 12 Motivation

The school hosted the “**Preparation for Tertiary**” motivation session facilitated by Ms Fanele Chester. The learners gained valuable insights into the numerous opportunities and scholarships that are accessible to them. The experience was enlightening as it provided them with a comprehensive understanding of the potential paths and financial aid options open for furthering their education. We are encouraging learners to make the most of the available resources to reach their goals, particularly by also considering the opportunities for studying in Europe. A link has been attached for your perusal for some of these options.
