

SISEKLO HIGH SCHOOL MATRIC RESULTS 2020

2020 was an extremely difficult year for all students, especially for those who had to sit for their Matric examinations in November 2020. This was due to the COVID 19 pandemic that had affected all levels of education in the world as well as here in the Kingdom of Eswatini. The students of Sisekelo High School were not immune to this pandemic but they refused to let it hold them back!

Our VISION STATEMENT reads: To be a Centre of education excellence for students with diverse needs enabling them to become exemplary citizens in the modern world; this statement had never rang more true than for our Grade 12 learners of 2020.

At Sisekelo High School we had to make sure that our method of teaching had a positive effect on our learners. When our Grade 12 learners returned to school in July, staff and learners put in long hours, and even lessons on Saturdays, to demonstrate their commitment to academic excellence.

We, at Sisekelo, pride ourselves in providing our learners with an exceptional holistic education and that was exactly what we gave to our matric learners of 2020.

The results exceeded all our expectations as our learners excelled in all the subjects we offer. We are proud to announce that once again our class of 2020 which had 58 candidates who sat for the IEB examination, achieved outstanding results.

85% of our students received Bachelor Degree passes and 14% of our students received a Diploma pass.

There were students who sat for the Advanced Programme English examination and they achieved a 100% pass rate.

Our top achievers for 2020 are:
